Carnoustie Country is a partnership of golf courses, golf resorts, accommodation providers and suppliers, all working together to promote the region as a first choice golf holiday destination, and to make it easy for tour operators to do business.

There are 34 courses all within a 40 minute drive of the famous Carnoustie Championship course – venue of The Open for the 8th time in 2018.

Carnoustie Country has two international airports, Edinburgh and Aberdeen, just over one hour away, regular flights to and from London Stansted from the nearby city of Dundee and a good rail and road network.
